AI@MEDIATORS

ABOUT AI@MEDIATORS

AI@Mediators is an Erasmus+ project dedicated to creating a digital program that leverages AI and other digital learning tools to prevent and combat cyberbullying. Our mission is to support teachers, school leaders, and educators in their efforts to tackle cyberbullying, while also informing and collaborating with stakeholders and representatives of political and educational institutions. The project's ultimate goal is to promote policies and pedagogical content that can be integrated into school curricula to more effectively identify and regulate cyberbullying.

2ND TRANSNATIONAL PROJECT MEETING IN NICOSIA

The 2nd project meeting took place in Nicosia, Cyprus, on September 2-3.
The partners had the opportunity to:

- Discuss about the project's progress and results
- Define the next steps and deadlines
